

# Sprint 2 Report

Product Name: Backtesting Engine, Team Name: Simple Strategies  
Date: 11/4/25

## **Actions to stop doing:**

- Waiting for tasks to be done, whoever is free, pick it up

## **Actions to start doing:**

- Meet in person at least once a week at Wednesday 2:30 - 3:30 @ jack's lounge
- Assigning every task on the Miro scrum board

## **Actions to keep doing:**

- Continue to hold scrum meetings on Monday (8:45-9:00pm), Wednesday (8:45-9:00pm), and Friday (5:00-5:15). These times are good for everyone and allow everyone to fit in work on the project.
- Communicate as often as possible through DM and Discord server.

## **Work completed:**

- As a user, I want to learn what stock strategies are and how they can benefit me.
  - Create a Figma for portfolio containing a learn, create, and basic profile information with a dashboard on the side, all to be implemented (1.5 hr)
  - Design the learn levels 0 and 1 in Figma (6 hours)
- As a user, I want to see a login/sign up page so that I can start learning and creating strategies

## **Work not completed:**

- As a user, I want to learn what different kinds of stock strategies there are and what they look like.
- As a user, I want to see related news articles about the stocks and strategies I'm viewing so that I can understand current market context.
- As a user, I want to interact with a chatbot or wizard that can answer my questions contextually so that I can get guidance while using the platform

**Work completion rate: 9.5/16.5 -> 58%**
